GENERAL REVIEW

HIRAM N. SAGER, Esq., President of the Board of Trade of the City of Chicago:

SIR:—

I have the honor to present the annual report of the Board of Trade of the City of Chicago for the year 1907, comprising not only those statistics which relate directly to the trade of Chicago in grain, provisions, live stock, hay, flour, lumber, cured meats, dressed beef, butter, cheese, hides, grass seeds, etc., but also valuable statistical information with reference to such commodities in other principal markets, both domestic and foreign. This varied official information essential to a complete and comprehensive understanding of the scope and importance of the business transacted and fostered under the rules of this association, is easily accessible at the expense of the Chicago Board of Trade, by the consumer and producer in all parts of the world. No commercial or financial annual statement can be a complete and intelligent one, without an official knowledge of the volume and farm value of the chief agricultural crops which constitute the basis of the nation's prosperity.

Our production of wheat during the year 1907 aggregated 634,087,000 bushels, valued on the farm at \$554,437,000; of corn, 2,592,320,000 bushels, valued at \$1,336,901,000; of oats, 754,443,000 bushels, valued at \$334,568,000; of barley, 153,597,000 bushels, valued at \$102,290,000; of rye, 31,566,000 bushels, valued at \$23,068,000; showing a total yield of the principal cereals on the farms of the United States for the year 1907, of 4,166,013,000 bushels, valued on the farm at \$2,351,264,000, grown on 185,353,000 acres. Our crop of hay aggregated 63,677,000 tons, valued at \$743,507,000, produced on 44,028,000 acres, the largest crop raised in this country since 1898, and far exceeding in value that of any preceding year. Our crop of potatoes aggregated 297,942,000 bushels, valued at \$183,880,000, exceeding in value that of any previous year.

The value of our great cereals, of hay, and potatoes, raised in 1907, amounted to the enormous sum of \$3,278,657,000. Our crop of barley was much the greatest in valuation of that of any

previous crop, and with the exception of the crop raised in 1906, the largest in volume. "The farmer has received much for which to be thankful," is the calm and characteristic way in which the Secretary of Agriculture comments upon this unprecedented record. The Secretary says, "At the end of the harvest the farmer has provided the country with commodities that are equal to the average of recent years in quantity, and vastly more than are needed for natural consumption." Indeed "we have bread enough and to spare." The farmer's compensation for his year's work is estimated by the Secretary at (\$7,412,000,000) seven billion four hundred and twelve million dollars. This is \$675,000,000 above the value of the corresponding estimate for 1906; \$1,103,000,000 above that of 1905; \$1,253,000,000 above that of 1904; \$1,495,000,000 above that of 1903, and \$2,695,000,000 above the census amount for 1899. Wealth produced on farms of the United States in 1907 transcended the high record of 1906, which was itself much above the highest amount before reached. No wonder Secretary Wilson exclaims in not too enthusiastic phrase:

"There was never a country so rich as this."

"There was never a country so prosperous as this."

"There was never a country so productive as this."

"There was never a country where labor was so richly rewarded."

"There was never a people so contented as ours."

"There was never a country in which human beings lived so well."

"And the farmers are the richest of them all."

The value of poultry and eggs produced on our farms in 1907 is estimated at more than \$600,000,000.

Our farm dairy products in 1907 nearly reached in value \$800,000,000.

The animals sold from farms and slaughtered on them in 1907 were worth about \$1,270,000,000.

The live stock sold from farms and slaughtered on them is worth nearly twice as much as the cotton crop.

The number of animals on the farms and ranches of the United States, comprising cattle, sheep, swine, horses and mules, on January 1, 1908, as estimated by the United States Agricultural Department, was 205,843,000, valued at \$4,331,230,000.

Although our crop of oats was 210,461,000 bushels less than that of the preceding year, its valuation was \$28,275,000 greater.

Of our crop of corn, the state of Illinois produced more than any other state, yielding 342,756,000 bushels, grown on 9,521,000 acres, valued on the farm at \$150,813,000. Next in order are the following states: Iowa, Missouri, Nebraska, Indiana, Texas, Kansas, Ohio, Oklahoma; the last named state yielding 113,265,000 bushels, valued at \$49,837,000. Detailed and complete statements may be found on pages 174, 175, 176, 177, 195, 196 and 197, show-

ing the grain totals of several preceding years. Much minute care has been bestowed upon these compilations. Their relation to our financial and commercial affairs is an intimate and a vital one. They disclose in an interesting form, the sources of our national wealth, the energy, enterprise and character of our farming population. They set forth the inducements which our Western States present for the investment of capital, and for that which is far superior to money, viz., inducements to the worthy, industrious and ambitious to make their homes where nature lavishes her rewards upon those who, with an honest and industrious effort, seek her favors.

The full significance of this showing no one can comprehend, save the careful and observant student of political economy.

It is being realized, as never before, that the farmer is the true wealth producer; the fruits of his toil sustain our commercial and industrial life, and in a far reaching and profound sense furnish the vitalizing forces of our national progress.

MARCH GRAIN REPORT—1908

The Crop Reporting Board of the Bureau of Statistics finds, from reports of correspondents and agents of the Bureau, that the quantity of **WHEAT in farmers' hands** on March 1, 1908, was about **23.5** per cent, equivalent to 148,721,000 bushels, of last year's crop, as compared with 28.1 per cent (206,644,000 bushels), of the 1906 crop on hand March 1, 1907, and 24.6 per cent (155,268,000 bushels), the average for the past ten years of the quantity of the crop on hand on March 1. It is estimated that about 58.0 per cent of the crop will be shipped out of the counties where grown, as compared with 58.1 per cent of the 1906 crop, and 55.9 per cent, the average for the past ten years, so shipped out.

The quantity of **CORN in farmers' hands** on March 1, 1908, is estimated as **37.1** per cent, equivalent to 962,429,000 bushels, of last year's crop, as compared with 44.3 per cent, 1,298,000,000 bushels, of the 1906 crop on hand March 1, 1907, and 39.4 per cent (882,707,000 bushels), the average for the past ten years of the quantity of the crop on hand March 1st. It is estimated that about 18.0 per cent of the crop will be shipped out of counties where grown, as compared with 23.2 per cent of the 1906 crop, and 19.7 per cent, the average for the past ten years, so shipped out. The proportion of the total crop which is merchantable is estimated as 77.7 per cent of the 1907 crop, 89.1 per cent of the 1906 crop, and 84.2 per cent as the average of the past ten years.

The quantity of **OATS in farmers' hands** on March 1, 1908, is estimated as **35.5** per cent, equivalent to 267,476,000 bushels, of last year's crop, as compared with 39.8 per cent (384,461,000 bushels) of the 1906 crop on hand March 1, 1907, and 37.3 per cent (311,625,000 bushels), the average of the past ten years of the quantity of the crop on hand March 1. It is estimated that about 28.0 per cent of the crop will be shipped out of the counties where grown, as compared with 27.6 per cent of the 1906 crop, and 27.4 per cent, the average for the past ten years so shipped out.

The following tables show the percentages of last year's crops of wheat, corn, and oats on hand March 1 in the principal grain producing states:

The year 1907 was one of unusual prosperity to the membership of this exchange. The specially gratifying feature of that prosperity is that it was, as a rule, quite generally diffused. The demand for grain was well sustained throughout the year; it was not fitful, or spasmodic, or out of proper proportion to the legitimate consumptive demand. Hence receivers and shippers of grain found a ready and steady market, at prices satisfactory to both producer and consumer. The fall panic which burst out in Wall Street and seriously impaired confidence in nearly all departments of business, did not in the least degree affect the grain market in the city of Chicago. With the prevalence of high prices there was little disposition on the part of eastern buyers to purchase much in advance of ordinary demands; and on the other hand, farmers and interior grain buyers entertained such confidence in favorable prices, that there was no disposition to crowd shipments to market. This situation prevailing during the year, prices were firm, and were on the up-grade. As the year closed, the farmer looked back upon a year that recorded exceptionally gratifying results. It was a year when all features of the grain market—of production, of demand, and supply, and of financial conditions, so far as such condition were related to the farmer---were most advantageously adjusted.

To the President and Board of Directors of the Board of Trade of the City of Chicago:

GENTLEMEN:—In accordance with the instructions of the Finance Committee, we have completed a careful audit of the Financial Records of the Board of Trade of the City of Chicago, covering the period from January 7, 1907, to January 6, 1908. All the records in the cash book, journal and ledger were proven correct. The cash balances as shown in the hands of your secretary and treasurer, were checked and proven correct. Vouchers were presented for all cash payments properly approved by the Finance and Real Estate Committees. We also certify that the foregoing report is correct in accordance with the records audited.

Respectfully submitted,

EVERETT AUDIT COMPANY,

By Eric J. Everett, C. P. A. Secretary.

The pro rata amount assessed by the Board of Directors for the ensuing year is seventy-five dollars (\$75.00).

The membership of the Board on the 6th of January, 1908, numbered 1720.

Cash on hand, exclusive of \$16,803.20 standing to the credit of the Board on the books of the telegraph companies, general fund, \$143,937.55; special assessment fund, \$33,555.00.

The bonded indebtedness of the Board is \$1,198,300, bearing 4 per cent interest, payable on the 1st of June and the 1st of December of each year.

CLEARING HOUSE OF THE BOARD OF TRADE OF THE CITY OF CHICAGO:

The total clearances for the year amounted to \$106,586,118.76; for the preceding year, \$43,480,450.50; balances for last year, \$34,895,227.97; for the preceding year, \$16,784,093.18.

REAL ESTATE

Your Real Estate Committee has carefully and judiciously discharged the varied and important duties which devolved upon them. No unusual expenditures have been made during the year.

Disbursements on real estate account, exclusive of construction, interest and insurance, amounted to \$62,306.17, as against \$63,593.24 expended during the preceding fiscal year. The amount paid out during the year for construction was \$3,422.86. The amount of revenue derived from rentals, janitor service, electric lights, etc., was \$136,283.69.

WEIGHING DEPARTMENT

The weighing department has maintained its reputation, not only in this market but in the chief grain markets of the world, for efficiency and accuracy in weighing grain, seeds, etc. The certificates of weight issued by this department are unquestioned. To the excellence of the work of this department may be ascribed in large measure the pre-eminence of Chicago as a grain center.

During the year 1907, the department weighed 322,722 cars, of which 192,311 cars were received into elevators and warehouses, 111,431 cars were shipped out, and 18,970 cars were transferred from car to car at the various railroad yards and elevators. The department also weighed 75,259,950 bushels of grain to and from vessels and canal boats, and 39,311 bags of seed. The total quantity of grain weighed by the department reaches, approximately, 465,000,000 bushels, of which 390,000,000 bushels were transported by cars and the balance by lake craft.

Increase over 1906 in the number of cars weighed was 19,098; increase over 1906 in the number of bushels of grain weighed to and from lake craft, 5,175,652.

TRANSPORTATION DEPARTMENT

The report of the transportation department presents a summary of the work of the department for the years 1905 to 1907, inclusive. The results attained by this department are of incalculable benefit to this market. Many a vexed problem of long standing confronted your Committee on Transportation; among these problems were, principally, those resulting from the relation of freight rates and the method by which such rates were determined, rather than from the rates themselves.

The difficulties against which this market contended in respect to rates of transportation were from indiscriminate practice of through-rates from the West to the East made on a lower combination than the rate into and out of Chicago. Under these through-rates it was impossible to merchandise the grain in this market as between the producer and consumer, except under limited and annoying rules that frequently involved a loss, by way of overcharges, by interest on money and by a lack of sufficient time in which to merchandise and find a market—the total effect of which was to materially limit the tonnage passing through Chicago.

Efforts were directed towards the removal of the Mississippi River pro rate and the re-establishment of Chicago as the basing point (in fact as well as in theory), for all through rates from the large producing territory west of the Mississippi River. This was accomplished in February, 1905, and the Trans-Mississippi pro rate then ceased to be a source of trouble, and now the way is clearly open to an improvement in our freight-rate relation with the Northwest.

The withdrawal of the Mississippi River pro rate made possible the elimination of the East St. Louis rate from Minneapolis to the seaboard, and the readjustment of local rates from northern Iowa, Minnesota and the Dakotas to Chicago versus Minneapolis, so that traffic can be removed from common territory, whether to Minneapolis and thence to the seaboard, via the "Soo" Line, or via Chicago, or from the country to Chicago direct around Minneapolis and thence east.

This gratifying result affords Chicago an opportunity to purchase from Minneapolis supplies of grain on the same through rate as prevails via the "Soo" gateway, a privilege which had been

withdrawn in consequence of the low scale of rates previously prevailing and the unsatisfactory division thereof.

A new system of rate making from Illinois to the seaboard was adopted under which equitable rate proportions into Chicago on grain consideng both to domestic and foreign markets were made permanent. Arrangements have been perfected by which rates from Chicago to the seaboard may be changed from time to time to meet lake competition without involving the territory west of this market. A relation as between the Atlantic seaboard and the Gulf, on export traffic from Illinois was also fixed, opening this gateway, so that today changes via one line are easily adjusted via other competing lines.

Serious freight discrimination against Chicago millers came to the notice of this department, and such changes were made as place the miller in this market on a parity with competing millers.

LOCAL CONDITIONS

The reconsigning charge (an unjust burden on this market), with the exception of one or two instances, has been removed; and the terminal deliveries have been widened from time to time by the railways, thus reducing the cost to the country shipper. Demurrage, another vital question, has been settled by compromise between receivers and railways.

By co-operating with the St. Louis Exchange, whose interests were as seriously disturbed as our own, we succeeded in getting from eastern and western lines the recognition of the principle that rates from Missouri River to all Atlantic ports via Chicago, Peoria or St. Louis would be made on the basis of local rates into, and flat open rates out of those cities, thus preventing the re-establishment, with all its evils, of the pro rate theory. From Omaha to New Orleans the same principle was recognized—local rates into St. Louis and local rates out. The through rates thus made also applied to Omaha and Galveston; and from Kansas City to New Orleans and Galveston, one cent under Omaha.

Differentials as between the Atlantic seaboard points and the Gulf ports of 4 cents from Omaha and 5 cents from Kansas City were established as representing the disadvantage of the Gulf ports in respect to ocean freights and other conditions.

The elevation allowance now made at the Missouri River in favor of grain dealers there, and the free service that is offered by the carriers to the public, all of which are denied this market, are the result of a policy of discrimination that should be removed.

Your committee has every reason to expect favorable results from its efforts now being made to remove such unjust discrimination.

A detailed report of the work of the department covering the years hereinbefore mentioned, is on file in the secretary's office.

LEGAL DEPARTMENT

No new bucket shop litigation has been commenced during the past year. In the contempt case at Cincinnati against the O'Dell Stock & Grain Company and those connected with it, arguments were made in March, 1907, but the Federal Judge has not as yet rendered his decision.

In the suit brought by this association in 1906, in the Federal Court at Madison, Wis., against the Superior Board of Trade to prevent it from counterfeiting your quotations, a large amount of evidence has been taken during the last year, and the case is set for trial in January, 1908.

Since a similar suit was instituted last year against the so-called National Board of Trade of Kansas City, that organization has gone out of business.

During the past year the Illinois Supreme Court decided in favor of this Board the suit brought by Louis G. Bostedo to prevent his being disciplined. This decision not only holds that a member may not sell his membership while charges of misconduct are pending against him, but also materially strengthens the disciplinary power of this Board by finally recognizing the contention of our attorney that the Board's right to determine who shall become, and remain, its members, is not to be distinguished from that of churches, lodges, etc., and that, if its rules respecting procedure are complied with, courts will not go further, nor inquire into the reasonableness of a rule creating the offence. This decision ought to deter members from hereafter resorting to courts to prevent disciplinary proceedings. In another membership case brought by Wm. E. McHenry the Appellate Court has sustained a decision in favor of the Board. A final decree has also been rendered in favor of the Board in the suit brought by H. W. Wells, which involved and upheld the legality of the margin rule.

The suit for \$100,000 damages brought by Robert H. Thornburn against former directors by reason of their action in disciplining him has been disposed of favorably to the Board by the dismissal thereof.

Of the three suits pending at the beginning of the year against this Board and its members to collect debts against certain members by the sale of their memberships, or compel the transfer of memberships, one has been dismissed during the year and two are still pending, and another similar suit was commenced and has been disposed of, during the year. In the suit by this association against the McDearmott Commission Co. (referred to in the report last year), a final decree has been entered in favor of this Board.

The suit brought by Emma Taylor against the Board and others for alleged malicious prosecution in a criminal suit, is still pending.

The only other litigation this Board has had during the last year arose out of the attempt by the proprietors of the regular warehouses to coerce this Board into a modification of its views respecting the right of public warehousemen to store their own grain with that of others in their warehouses, by threatening to deprive the trade of regular warehouses after July 1, 1907. Because of this threat and the injurious consequences to the trade likely to result, State's Attorney Healy was urged to, and did, institute three suits in the State Circuit Court, one against the Illinois Central Railroad Company and Central Elevator Company and Bartlett, Frazier & Carrington, as proprietors of Central Elevators "A" and "B," one against the Chicago, Burlington & Quincy R. R. Co., Armour Elevator Co. and Armour Grain Co., as proprietors of Armour Elevators "C," "E" and "F," and a third against the Chicago, Rock Island & Pacific Ry. Co. and the South Chicago Elevator Co., as proprietor of South Chicago Elevator "C" and Annex, and J. Rosebaum and J. Rosebaum Grain Co., as proprietors of Rock Island Elevators "A" and "B." The purpose of these suits is to prevent the trade from being deprived of the use, as public warehouses, of these elevators which are owned by the railroads. Judge Thomas C. Windes issued temporary injunctions in these suits, which Judge Honore dissolved. Mr. Justice Carter of the Supreme Court, however, continued the injunctions in force, pending an appeal to that court. The cases were argued before that court in October, and a decision is anticipated in February.

Extracts from the rules adopted by the Railroad and Warehouse Commissioners for the administration of the departments of grain inspection and warehouse registration in the city of Chicago in force from and after December 3, 1887.

"Plugged,"
"Loaded," or
"Scoured"
grain.

"The said Chief Inspector, and all persons inspecting grain under his direction, shall in no case make the grade of the grain above that of the poorest quality found in any lot of grain inspected, when it has evidently been "plugged," or otherwise improperly "loaded," for the purpose of deception. Wheat which has been subjected to "scouring," or to some process equivalent thereto, shall not be graded higher than No. 3."

Attempts at
fraud, or
interference.

"All persons employed in the inspection of grain shall promptly report to the Chief Inspector, in writing, all attempts to defraud the system of grain inspection established by law, and all instances where warehousemen shall deliver, or attempt to deliver, grain of a lower grade than that called for by the warehouse receipt."

"They shall also, in the same manner, report all attempts of receivers or shippers of grain, or any other person interested therein, to instruct, or in any improper way to influence the action or opinion of any inspector in the discharge of his duty; and the Chief Inspector shall report all such cases to the Commission."

Extracts from the Laws of Illinois, Revised Statutes, Chapter 114, Section 152.

"Any duly authorized Inspector of Grain who shall be guilty of neglect of duty, or who shall knowingly or carelessly inspect or grade any grain improperly, or who shall accept any money or other consideration, directly or indirectly, for any neglect of duty, or the improper performance of any duty, as such Inspector of Grain, and any person who shall improperly influence any Inspector of Grain in the performance of his duties as such Inspector, shall be deemed guilty of a misdemeanor, and, on conviction, shall be fined in a sum of not less than \$100, nor more than \$1,000, in the discretion of the Court, or shall be imprisoned in the county jail not less than three, nor more than twelve months, or both, in the discretion of the Court."

NOTE.—Prior to the year 1820 no official records of the arrival of alien passengers were kept. It is estimated, however, that the total number arriving in the United States from the foundation of the government to the year 1820 was 250,000.

Up to the year 1856 no record was kept of immigrants in distinction from the arrival of alien passengers

Of the number of immigrants arrived during the year ended June 30, 1907, there came from
 Un'd Kingdom 113,567 Norway..... 22,133 China 961 Aus. Hungary 338,452
 Germany..... 37,807 Italy 285,731 Russia 258,943 Sweden..... 20,589

The total number of European immigrants for the last fiscal year was 1,199,566.

Of the total number of immigrants for the year, 929,976 were males and 355,373 were females.

The year ended June 30, 1907, has been the year of the greatest immigration.

Owing to the absence of law for the collection of statistics in relation to immigrants by railroads, those from the British North American possessions and from Mexico were not included from July 1, 1885, to June 30 1895

NOTE.—Up to 1850 only the aggregate valuations in the several counties were reported to the State officers, and from 1852 to 1857, inclusive, a few counties returned only the aggregates; hence the details of real estate and personal property valuations are not complete for those years. In 1867 and 1868 the details of valuation are not entirely correct, owing to changes by the operation of the equalization law. Since 1868 the valuations are as equalized. The total valuations in each of the several years are correct and official.

The valuations for 1873 as equalized are largely in excess of any previous year. In 1874 some changes were made in the manner of equalizing the assessments, resulting in reducing all the valuations, especially those of railroad property.

The valuations for 1899 and subsequent years are the one-fifth of the full fair cash valuations of property as determined by the Assessing officers, under the requirements of the Assessment Act of 1898.

The State debt, as noted, represents it as it stood on the 1st of January in each of the several years to 1869; in 1869 and 1870, as it stood December 1; in 1871, as it stood December 31; from 1872 to 1879, as it stood December 1.

The city tax on railroad property for 1882 and 1883, something over \$100,000 for each year, is not included in the above total tax. The above figures for 1889 include the districts annexed to the city of Chicago July 15 of that year.

Should the purchase or sale of grain for future delivery upon which the cash transaction is based be held subject to the convenience or subject to the orders of the parties with whom such transaction is made, then all such business for future delivery shall be subject to the regular rates of commission as prescribed in this rule.

In case any member neglects or refuses to indorse a certificate of deposit to the party entitled to receive the money thereupon when all contracts upon which the deposit is applicable are settled, and all money due upon such contracts has been paid, he shall be liable to a penalty of one per cent. per day on the amount of such certificates, for every day such refusal or neglect is continued; and for refusal to promptly pay such penalty, the party may, upon due complaint, be suspended from all privileges of the Board until the same is paid.

REGULAR DELIVERIES.

SECTION 1. All deliveries upon contracts for grain or flax seed, unless otherwise expressly provided, shall be made by tender of regular warehouse receipts, which receipts shall have been registered by an officer duly appointed for that purpose. All such warehouse receipts shall be made to run five days from date of delivery on regular or customary storage charges, which regular or customary charges shall follow such warehouse receipts and be chargeable upon the property covered by the same, and shall be issued by such houses as have complied with the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors, and have been declared regular warehouses for the storage of grain or flax seed by said Board of Directors; and it shall be the duty of the Board of Directors, prior to the first day of July in each year, to inspect all warehouses, the proprietors or managers of which shall apply to have their receipts declared regular for delivery on contracts under the Rules of the Board of Trade, and no warehouse shall be declared a

regular warehouse unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities, and unless the storage rates on all grain or flax seed in such warehouse in bulk and in good condition, shall not be in excess of three-quarters ($\frac{3}{4}$) of one cent per bushel, for the first ten days or part thereof, and one-fiftieth ($\frac{1}{50}$) of one cent per bushel for each additional day thereafter until from and after January 1st, 1904, when the additional daily rate of storage shall not exceed one-fortieth ($\frac{1}{40}$) of one cent per bushel so long as such grain or flax seed remains in good condition; and unless the proprietors or managers of such warehouse are in good financial standing and credit, and are carrying on and intend to continue to carry on the legitimate business of public warehousemen under the laws of the State of Illinois and in accordance with the Rules of the Board of Trade of the City of Chicago and the Regulations and Requirements of the Board of Directors and until the proprietors or managers of such warehouse shall file a bond with sufficient sureties in such sum and subject to such conditions as may be deemed necessary by the Board of Directors, under the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors in reference to warehouses.

And furthermore, the proprietors or managers of such warehouse shall be required to sell their regular contract grades of grain or flax seed in the Chicago market only, and shall not ship any grain from any regular warehouse, of which they are proprietors or managers, except those grades which are denominated and understood to be “off grades”; *provided*, however, that the Board of Directors of the Board of Trade may, upon application, grant to such elevator proprietors or managers the privilege of shipping such quantity of grain from their elevators as will sufficiently relieve such elevators from being overloaded, or as will maintain the condition of such grain; and furthermore, the proprietors or managers of such warehouse shall be prohibited from buying grain at any non-competing points.

Whenever application shall be made by the proprietors or managers of any warehouse to have the same declared a regular warehouse for the storage of grain and flaxseed under the provisions of this Rule (except in cases of renewal on the first day of July in each year, as hereinbefore provided) any grain or flaxseed that may be contained in said warehouse at the time of such application, shall be required to be removed from said warehouse, when after it shall have been graded and inspected according to its quality and condition then existing by the duly constituted authorities, such grain or flaxseed may then again be received into said warehouse and receipts issued therefor shall be registered and dated upon the day when such grain or flaxseed is again actually received into said warehouse.

Supervising
inspector.

The chief inspector of grain of the State of Illinois may, upon request of the Board of Directors of the Board of Trade, appoint a

supervising inspector who shall so supervise the storage and distribution of grain and of flax seed in such warehouse that no discrimination or selection can be made in the quality or grade of grain or flax seed in the delivery of such grain or flax seed.

Warehouse receipts issued by warehouses so declared regular by the Board of Directors shall be regular for delivery on contracts under the Rules of the Board of Trade so long as the said warehouse shall continue to be a regular warehouse, but the term for which any warehouse is declared a regular warehouse to issue such receipts shall be limited to and expire on the first day of July in each year. No receipts issued on grain received in any warehouse shall be regular for delivery under the Rules of the Board of Trade after that date unless the warehouse upon which it has been issued has again been declared a regular warehouse by the Board of Directors; *provided*, however, that receipts issued before the first day of July by warehouses which have been regular warehouses during the preceding year, but which have not been declared regular for the succeeding year, shall be regular for delivery upon such contracts for six months after the first day of July; but nothing contained herein shall prevent the Board of Directors from declaring any warehouse, or the receipts thereof, irregular at any time for violation or non-compliance with the laws of the State of Illinois or any of the Rules of the Board of Trade or of the Regulations and Requirements of the Board of Directors.

Provided, that the Board of Directors shall have power, when in their judgment an emergency exists requiring more storage room than can be supplied by the regular elevator warehouses, to declare any storehouses, vessels, or places suitable for the storage of grain or flax seed within the city limits—wherein the cost of delivery to vessels or railroad cars shall not be greater than such as is made by the regular elevators for the same service—to be regular places for the storage of grain deliverable under the Rules of the Board of Trade.

Emergency clause.

And *provided further*, that in case it shall happen that at any time there shall be no warehouses which shall be regular warehouses for the storage of grain and flax seed, then the Board of Directors may declare any warehouses suitable for the storage of grain or flaxseed, whose aggregate capacity shall not exceed twenty-five million (25,000,000) bushels, regular warehouses for the storage of grain or flax seed, upon such terms and for such period as the Board of Directors in its discretion may deem necessary or proper, and the warehouse receipts issued by warehouses so declared regular under this proviso, shall be regular for delivery on contracts under the Rules of the Board of Trade, in the same manner as if issued by warehouses declared regular under the foregoing provisions of this section in regard to declaring warehouses regular for the term ending on the first day of July in each year.

Limitation of aggregate capacity of warehouses made regular under emergency.

All complaints against elevator proprietors under this section shall be heard and decided by the Board of Directors of the Board of Trade of the City of Chicago.

SEC. 2. All deliveries of grain and flaxseed in 1,000 and 5,000 bushel lots; of mess pork, lard or s. p. hams in 50 and 250 package lots; or of meats in lots of 25,000 and 50,000 pounds in store, on time contracts, after 11 o'clock A. M., shall be made in the Exchange hall, or in such other place as may be designated by the Board of Directors, between the hours of 1:30 and 2 o'clock P. M., and shall be made by a notice in writing, which notice shall state on its face the place of business of its issuer. Such notice shall state in detail the warehouse receipts proposed to be delivered, and in the case of provisions in packages, or lard, the packer's brand, and the contract price on which delivery is proposed to be made, also the net cash value (deducting extra storage) of said property at the market price. At a stated hour each day it shall be the duty of the Secretary to post or cause to be posted, in a suitable place, the market price of such grain or provisions as are deliverable on time contracts. Such delivery notice may be passed from one purchaser to another, before 2 o'clock P. M., by indorsement thereon, by the seller, of the name of the party to whom it is to be delivered, together with the contract price at which the property is sold, and also the time at which the delivery is made. The first delivery of such notice shall be made before 1:35 o'clock P. M., and any party holding such notice longer than five minutes, as shown by the indorsements on same of the time of the previous delivery, shall not be permitted to deliver it. Any person indorsing upon said notices any fictitious name or the name of any person, firm or corporation other than that of the person, firm or corporation to whom he tenders the notice upon a bona fide sale of the property mentioned therein actually made by himself or the firm or corporation he represents or upon the written order of another member, firm or corporation on whose behalf he makes such tender, or who shall make any alteration therein or any substitution of property other than that originally named in the notice by the original issuer thereof, shall be deemed guilty of gross fraud, and, if a member, he shall be suspended or expelled, at the discretion of the Board of Directors, and if not a member, such person shall forever thereafter be excluded from the Exchange hall, delivery and settlement rooms of the Association. All delivery notices issued under this Rule shall be consecutively numbered by the parties issuing them. Notice of readiness to deliver property as herein provided, and all subsequent transfers of such notices, shall be deemed and held to be a valid and sufficient tender of property, on time contracts, under the Rules of this Board of Trade, provided the property is actually delivered, or is shown to have been ready for delivery, in the manner and upon the terms herein provided. It shall be the duty of the party regularly holding such notice at 2 o'clock P. M., to present the same at the office of its issuer before 2:30 o'clock P. M., of the same day, together with a certified check on some Chicago bank.

in good standing, or other satisfactory payment for the net amount due for the property represented by said notice at the market price; and upon tendering said notice, with payment, at the office of its issuer, the holder of said notice shall be entitled to receive the property represented by same. All differences due from or to parties to such delivery shall be paid upon the basis of a full delivery, and no more, and each purchaser receiving notice of delivery shall be responsible to the seller from whom the notice was received for the difference between the price actually paid for the property and their contract price. In cases where the seller's contract price is less than the price actually paid for the property, such seller shall be responsible to the purchaser to whom he delivered the notice, for the difference. All such differences shall be due and payable immediately upon the delivery and payment for the actual property; it being the duty of each person transferring the delivery notice to ascertain what price was actually paid for the property.

Differences, when due and upon what based.

On the first business day of each month all deliveries on time contracts of the kinds of property mentioned in this section, if delivered before 11 o'clock A. M., shall be delivered in the Exchange hall, or such other place as may be designated by the Board of Directors, between the hours of 8:30 and 9:15 o'clock A. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified for similar deliveries after 11 o'clock. The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries between 1:30 and 2 o'clock, except that it shall state the net value (deducting extra storage) of the property at the closing market price on the last business day of the previous month, for the delivery on which the property is tendered, which price shall be posted on the bulletin board of the settlement room immediately after the close of the market. The first delivery of the notice shall not be later than 8:35 o'clock, and it shall be the duty of the party regularly holding such notice at 9:15 o'clock to present the same at the office of its issuer before 11:00 o'clock A. M. of the same day, together with a certified check on some Chicago bank, in good standing, or other satisfactory payment, for the net amount due for the property represented by said notice, as hereinbefore provided, and upon tendering said notice with payment at the office of the issuer, the holder of such notice shall be entitled to receive the property represented by the same.

All differences between the price paid for the property and any contract prices involved in its delivery, due to or from parties to such delivery, shall be adjusted and paid in the same manner and with the same liabilities as in the case of delivery made under this section between 1:30 and 2 o'clock P. M. In case property represented by either of the delivery notices mentioned in this section is not called and paid for as herein provided, it may be held by the issuer of the notice, for and at the expense for storage, interest, insurance, or other risk of the party whom it may concern, until 12 o'clock M. of the next business day, at which time it shall be sold in open market

for account of whom it may concern; or it may be sold, if the notice was delivered before 9:15 o'clock A. M., at any time between 12:30 o'clock P. M. of that day and 12 o'clock M. of the next business day. If the notice was delivered between 1:30 and 2 o'clock P. M., it may be sold at any time between the beginning of trading hours and 12 o'clock M. of the next business day. The party holding the property shall, however, notify the party to whom he delivered the original delivery notice, before 2 o'clock of the same day of the default, if the delivery notice was delivered before 9:15 o'clock A. M., or before 4 o'clock P. M., if the delivery notice was delivered between 1:30 o'clock and 2 o'clock P. M.—such notice of default to be in writing; and each purchaser receiving said notice of default shall in turn deliver the same, without delay, to the party to whom he passed the original notice of proposed delivery. All expense and risk of carrying property defaulted on, including a commission of one-quarter of one cent per bushel on grain, and one-quarter of one per cent. on the market value of provisions, shall be payable to the party required to make resale, by the party to whom he had the property sold, he to be reimbursed by the one to whom he delivered the notice of delivery, and so on until it is finally paid by the party in default. And in case of such default and resale of property, all differences shall be adjusted, as hereinbefore provided, on the basis of the price at which the property shall have been resold. All parties having property due them on time sales shall be present, or shall be represented by an authorized employe, in the Exchange hall, or such other place as may be designated by the Board of Directors, between the hours of 1:30 and 2 o'clock P. M. of each business day, and on days when the Board adjourns at 12 o'clock M., between the hours of 12:30 and 1:00 o'clock P. M., and on the first business day of each month between the hours of 8:30 and 9:15 o'clock A. M.; and admission to the Exchange hall, or such other place as may be designated by the Board of Directors, shall be denied all parties after 1:30, 12:30 or 8:30 o'clock, as the case may be. Any property which cannot be delivered owing to the absence of the buyer from the Exchange hall, or such other place as the Directors may have designated for the purpose of delivery, may be sold out by the party having same sold to such absentee, as hereinbefore provided in cases of default; all expenses and risk of carrying the property, commissions, etc., shall be paid by the absentee, the same as in case of default; *provided, however*, such property shall not be sold until the absentee has had notice in writing, either delivered to him in person, to his business representative, at his place of business, or left at the Secretary's office in case he has no regular place of business, that the property was ready for delivery under this Rule on his contract. In case it should appear on complaint duly made to the Board of Directors that any member has been guilty of issuing a notice of readiness to deliver property as herein provided, who had not the property mentioned in such notice in his control or possession at the time of issuing such notice, or, having issued such notice, shall thereafter dispose of the property, except as herein provided, or who refuses to deliver up such property when demanded, as provided for under this Rule, such party shall be deemed guilty of gross fraud, and shall be suspended or expelled from membership in this Association, under the provisions of Rule IV.

Provided, however, that on all Saturdays when there is a regular business session of the Association, all deliveries shall be made in the Exchange hall; a morning delivery between the hours of 8:30 o'clock A. M. and 9:15 o'clock A. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified for similar deliveries after 11:00 o'clock A. M. The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries between 1:30 and 2:00 o'clock P. M., except that it shall state the net value, deducting extra storage of the property at the closing market price on the immediately preceding business day, for the delivery on which the property is tendered, which price

shall be posted upon a suitably designated bulletin board immediately after the close of the market. The first delivery of the notice shall not be later than 8:35 o'clock A. M., and it shall be the duty of the party regularly holding such notice at 9:15 o'clock A. M. to present the same at the office of its issuer before 11:00 o'clock A. M. of the same day, together with certified check on some Chicago bank in good standing, or other satisfactory payment, for the net amount due for property represented by said notice, as hereinbefore provided; and upon tendering said notice with payment at the office of the issuer, the holder of such notice shall be entitled to receive the property represented by the same; and also, on such Saturdays, as fall on the last day of the month when there is a regular business session of this Association, an afternoon delivery between 12:30 and 1:00 o'clock P. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified in similar deliveries after 11:00 o'clock A. M.

The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries after 11:00 o'clock A. M. The first delivery of the notice shall not be later than 12:35 o'clock P. M., and it shall be the duty of the party regularly holding such notice at 1:00 o'clock P. M. to present the same at the office of its issuer before 11:00 o'clock A. M. of the next following banking day, together with certified check on some Chicago bank in good standing, or other satisfactory payment, for the net face value of the property represented by said notice, without adding anything additional for interest or insurance, or without deducting any additional storage for the period between the time of delivery and the time of actual payment.

Form and character of delivery notice and time of its presentation.

And provided further, that on the last business day of any month, when deliveries of articles mentioned in this Section are made after 11 o'clock A. M., the Secretary of the Board, or any person acting under his direction, shall have the power to extend the time for such deliveries from 2 o'clock p. m. (if on a Saturday, from 1 o'clock P. M.), as often and to such time during that day as in his judgment it may be necessary to enable all, who are prepared to do so, to tender or receive delivery notices. When any extension of time is made under this proviso, it shall be announced in the Exchange hall, or in such other place as may be designated by the Board of Directors for the purpose of making deliveries, on or before the expiration of the time hereinbefore stated for the termination of such deliveries; in the event of the extension of the time for deliveries as herein provided, wherever the time stated in this rule would be affected by such extension, such time shall in all cases be correspondingly extended.

Power of Secretary to extend deliveries on last business day of month.

It is the object and intent of this Section that all contracts for the purchase and for the sale of commodities mentioned therein shall be carried out in absolute good faith, it being expressly understood that in construing this Section its purely technical provisions—the principal purpose of which is to facilitate deliveries—must not be used as a pretext to evade the obligations of a contract. Any violation, however, of any of the provisions of this Section with intent to thwart or impede deliveries shall be deemed dishonorable conduct under the provisions of Section 9 of Rule IV of the Rules of the Board of Trade of the City of Chicago.

Purely technical provisions no pretext for the avoidance of contractual obligations under this rule.

The committee shall be entitled to fees amounting to three dollars each for each case of reference decided by them, to be paid by the party against whom the decision shall be made.

SEC. 2. The Board of Directors will also appoint a suitable person as Chief Inspector of Provisions, who shall be required to give a bond in such amount as shall be fixed by the Board of Directors, conditioned for the faithful performance of his duties as prescribed by the Rules and Regulations of the Board of Trade of the City of Chicago, and the Regulations of the Board of Directors; which said bond shall be made to the Board of Trade of the City of Chicago, for the use and benefit of any parties having claims under the Rules and Regulations of the said Board of Trade for damages against said Chief Inspector on account of any of his official acts. Said bond shall be satisfactory to and approved by the Board of Directors before the said Chief Inspector shall be entitled to enter upon the discharge of his official duties.

SEC. 3. The Chief Inspector of Provisions shall appoint, to be confirmed by the Committee on Provision Inspection, a sufficient number of competent deputy inspectors, who shall be under his control and subject to his orders in all matters pertaining to the performance of official duty.

All warehouse receipts, before being registered, shall be plainly numbered, and shall indicate on their face the number or mark of the particular lot of property intended to be covered or represented by such receipt. All such receipts issued from or by each warehouse or other place of storage shall be consecutively numbered and no receipts of duplicate numbers issued from the same place of storage shall be registered. All property covered or represented by registered warehouse receipts shall be plainly marked in such manner as will clearly distinguish it from all other property stored in the same warehouse or place of storage, and by such marks, numbers or characters as may be approved by the Registrar of Provisions; such marks to be so arranged as to avoid the possibility of duplication or uncertainty as to the identity of the property so receipted for. No warehouse receipt shall be registered until a report shall have been received at the office of the Registrar of Provisions from a duly authorized deputy that the property represented by the receipt is actually in the place of storage and is marked as indicated in the receipt; such reports shall be in a form prescribed by the Registrar, and shall be preserved by him for future reference. No second warehouse receipt for the same property shall be registered unless the original is presented at the time and its registration canceled by the Registrar. In such case, new receipts, either for the whole or parts of lots, or the consolidation of different lots, may be registered upon the report of a deputy that the property is in the place represented, and is marked as represented. All new receipts so registered, except receipts for short rib sides and extra short rib sides, shall bear the same date, as near as may be, with the originals so canceled, and no receipts differing in date more than thirty days shall be consolidated into a new receipt.

No property shall be removed from the place of storage indicated by any registered receipt issued to represent it until the registration of such receipt has first been canceled in the office of the Registrar of Provisions, by writing or stamping across its face the words, "Registration Canceled."

SEC. 6. The Chief Inspector shall receive for his services and for the compensation of the deputy inspectors employed by him, the fees for inspection as established by the Board of Trade. In the latter case the arbitrators shall be chosen either by mutual agreement, or an equal number, not exceeding two, may be selected, each by the Chief Inspector and the claimant; and the persons so chosen shall select an additional arbitrator. Arbitration, either by the Committee on Provision Inspection or special arbitrators, shall be conducted under substantially the same form of proceedings as regular arbitrations under the Rules of the Board of Trade, and shall be subject to all the provisions of regular arbitrations, except that they shall be subject to appeal.

parts of any one lot of flour inspected by him, a part of which is sound and a part unsound, or when it inspects two or more grades. When flour is inspected by sample, the certificate shall mention its condition, as well as its relation to the sample. When flour is unsound the Inspector shall state in the certificate the character of the unsoundness, as *musty, hard sour, soft sour, unsound, or slightly unsound*, and the number of packages of each description, and also, when practicable, the number of packages that may be so stained or out of condition as to depreciate the market value of the flour. In case the flour has been overhauled and cleaned on account of having been wet, and the Inspector shall deem such overhauling in any way damaging to the market value of the flour, he shall note in his certificate "wet and cleaned." Flour in round-hoop barrels and jute sacks shall, in absence of any special agreement, be considered as regular in deliveries. All packages of flour which may be found largely deficient in weight, from bad order or any other cause, shall not enter into the average, but their weight shall be separately ascertained and certified to by the Inspector. When flour is sold in sacks, the gross weight shall be considered the actual weight. In case of short weight, the buyer shall be entitled to 1 cent per pound for freight. II.

How to close
sacks.

The Committee on Flour Inspection also recommend to millers and shippers of flour in sacks to be inspected in this market, that in closing the sack the mouth edge of the sack be turned in without rolling, and sewed with a single seam, the stitches to be at least $1\frac{1}{2}$ inches apart. (See Fig. 1.) This will allow the Inspector to insert the trier between the stitches without making holes in the cloth.

FIG. 1.

III.

How to load
sacks.

The Committee on Flour Inspection further recommend to millers, shippers of flour, and railway agents, that in loading cars the following instructions be observed:

One hundred and forty pound sacks should be piled in two tiers lengthwise of the car, the mouths of sacks placed toward center of car (see Fig. 2), leaving the space between the tiers of sacks in the center of the car free and clear for the convenience of the Inspector.

The sacks of flour should be piled as follows: The sacks on the floor to be placed four inches from the side walls of car, and sacks so piled as to gradually incline to the walls of the car until the top rows press strongly against the said walls, as shown in Fig. 2.

FIG. 2.

Unless these recommendations be complied with the Inspector will charge for the labor necessary to put the flour in proper position for inspection.

NOTICE.

All matters pertaining to the inspection of grain should be taken up with the Chief Grain Inspector.

Sixth—The charge for services rendered by this Department shall be uniform to all persons, firms and corporations, and shall not be changed without proper notice being given of the proposed change, such notice to be posted in a conspicuous place in the Exchange Room of the Board. This Department may charge a higher rate in special cases outside of the Chicago district, but in no case can it make any reduction from the established rates.

Seventh—Nothing in the foregoing regulations shall prevent the buyer or seller, or his representative, from personally examining any car or cargo of grain bought or sold under the Rules of the Board of Trade of the City of Chicago, but under no circumstances can a Board of Trade official certificate be given by the party thus examining; any unofficial party, or his employer, inspecting any car or cargo of grain shall not have the right of appeal to the Grain Committee, unless the grain has been loaded under the supervision of the Official Sampler of this Department.

Eighth—The fees authorized to be collected by this Department for sampling grain shall be as follows:

The same facility shall be accorded to such helpers for the purpose of examining and sampling grain loaded into vessels or cars at any private elevator or cleaning house by the proprietors of such houses and their employes, as is now accorded to regular State Inspectors.

Tenth—Such helpers shall be required to give bonds. They shall be subject to control and discharge by the State Grain Department, exactly as are the Deputy Inspectors. They shall be appointed on recommendation of the Grain Committee. Their salaries shall be paid by the State Grain Department with money furnished if necessary by the Board of Trade. When not actively engaged in duties described by the State Grain Department they shall be subject to control and direction of the Chief Sampler in such work as he may require.

Eleventh—It shall be the duty of such helper to bring the samples of graded grain, secured as above, to the Chief Sampler's office daily, for use in examinations by Supervising Inspectors, the Appeal Committee and the Official Sampler. The identity of such samples shall be known, however, only to the State Department and to the Official Sampler.

Twelfth—Such samples shall be kept on file in the Chief Sampler's office a reasonable time, labeled, however, by grades and numbers which shall indicate their identity only to the State Department and the Official Sampler, and thus unidentified they shall be accessible to the public.

Thirteenth—It shall be one of the duties of the Official Sampler to thoroughly examine these samples daily, and in case any of them indicate improper grading, he shall, in case the Chief Inspector, the Supervising Inspectors or the Appeal Committee have not already taken up such improper grading for correction, call their attention to same, explaining in what way the inspection has been too lenient or too rigid.

Fourteenth—In case the Official Sampler or any other party at interest, i. e., the buyer or the seller, should thus complain to the State Department and fail to have his complaint properly or favorably considered by the State Department, it shall be the duty of the Sampling or Grain Committee to listen to his complaint, and if it is in their judgment reasonable, the other parties at interest shall be notified, and the matter taken up by the Grain Committee with the State Department—all parties at interest being given an opportunity of being present at such hearing.

Fifteenth—In the examination of samples of grain inspected, a standard sample shall be used as a gauge, and in case of doubtful grain, which is very near the "line," a comparison shall be made with such standard sample, and in case of disputes calling for an appeal, final decision shall be rendered in accordance with such comparison.

Sixteenth—Standard samples above referred to shall be made up as early as possible at the beginning of each crop year, and approved by the State Inspection Department, Appeal and Sampling Committees and the Official Sampler—all working together to make up a fair and equitable standard.

Seventeenth—In cases where it is necessary for the Grain or Sampling Committee to take the question of moisture into account, rendering a chemical analysis necessary, this shall be made promptly.

Eighteenth—Nothing in the above shall be understood as giving the Grain Committee any privileges relative to the examination of samples or the knowledge of their identity other than those enjoyed by the public, excepting when complaint is made to them under the provisions of the above regulations, or when an appeal is taken as is provided in Section 17 of Rule 22, 2nd paragraph, in which case the examination shall be made at such time and place and after such notification as will give all parties at interest an opportunity of being present.

of Deputy Registrars, subject to the approval of the Committee on Provision Inspection, whose duty it shall be to make daily written reports to the Registrar, of all property found by them in store and represented by Registered Provision Warehouse Receipts, registered under the Rules and Regulations of the said Board of Trade; such written reports to accurately describe each and every lot of provisions so represented, and to be submitted in such form and detail that an exact comparison may easily be made with each Registered Warehouse Receipt, registered and issued as aforesaid; and in every instance to be based upon official and personal identification of the property described in said returns.

Duties of Registrar in preparing and submitting reports.

It shall be the duty of the Registrar to daily compile and formulate the reports of his deputies rendered under this Regulation, in such form that the quantities and descriptions of each kind of property represented by Registered Warehouse Receipts in all "regular" provision warehouses shall be clearly, definitely and fully stated.

And, further, it shall be the duty of the said Registrar to record, or cause to be recorded, such daily compilation, in a book prepared under his direction, for the special purpose of providing information with reference to provisions said to be stored in "regular" warehouses and represented by Registered Warehouse Receipts; the said book to be kept in the office of the Registrar, and to be accessible during business hours to members of this Association.

Fifth. All such Warehouse proprietors or managers shall promptly report to the said Registrar, as the same shall come to their knowledge, any information touching the condition of any property held in store by them, under Registered Warehouse Receipts, that will tend to impair its value, and which it may be important and proper should be known to the trade.

Duty of proprietors or managers to report any irregularities.

Sixth. It shall be the duty of the Board of Directors prior to the first day of June in each year to inspect, or cause to be inspected, all warehouses for the storage of provisions, the proprietors or managers of which shall apply to have the same declared "regular" under the rules of the Board of Trade, and no warehouse shall be declared a regular warehouse for the storage of provisions, which shall not comply with the rules of the Board of Trade and these requirements, and which is not under the supervision of the United States government as such supervision is defined and described in an act entitled "An act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1907, approved June 30, 1906," (Public Document No. 382), nor until the proprietors of such warehouse shall have filed a bond in the form and conditioned as provided in the rules of the Board of Trade and in the amount fixed by the Board of Directors, and such bond shall have been approved by the Board of Directors. Warehouse receipts for provisions issued by warehouses so declared regular by the Board of Directors shall be regular for delivery on contracts under the rules of the Board of Trade so long as the said warehouse shall continue to be a regular warehouse for the storage of provisions, but the term for which any warehouse is declared a regular warehouse for the storage of provisions to issue such receipts shall be limited to and expire on the first day of June in each year. No receipts issued on provisions stored in any warehouse after that date shall be regular for delivery under the rules of the Board of Trade, unless the warehouse upon which it has been issued has again been declared a regular warehouse by the Board of Directors; but receipts for property in store in such warehouse at that date shall continue to be

regular for such delivery so long as the property remains intact in such warehouse.

Time of
application.

Application may be made after the first day of June in any year to have a warehouse declared regular, and the Board of Directors may declare such warehouse regular in accordance with and subject to the provisions of said rules and requirements.

Seventh. Any regular warehouse may, for good and sufficient reasons, satisfactory to the Board of Directors of the Board of Trade, be declared no longer a regular warehouse for the storage of provisions under the Rules of the Board of Trade, *provided*, property already in store in such warehouse shall continue to be regular on delivery so long as it remains intact in such warehouse.

Eighth. The proprietors or managers of a regular warehouse shall pay any and all charges for switching cars to and from any warehouse for the purpose of loading property for delivery from such warehouse, and shall keep the holders of the receipts for such property free from all liability for such charges.

insurance

Ninth. The proprietors, or managers, of a regular provision warehouse shall not issue for regular delivery, nor shall the Registrar of Provisions register for regular delivery, any warehouse receipts for which it is not possible to obtain proper insurance on the property by the party, or parties, receiving the said warehouse receipts on a regular delivery.

REGULATIONS GOVERNING THE TRADE IN HOPS

First. It shall be the rule that a bale of hops shall weigh not less than one hundred and seventy-five (175) nor more than two hundred (200) pounds; but the tender or delivery of any lot of hops on a sale or a contract, averaging one hundred and eighty-five (185) pounds to one hundred and ninety-five (195) pounds shall be deemed a compliance with this rule.

REGULATIONS

—OF THE—

Clearing House of the Board of Trade of the City of Chicago.

I.

The style and address of each member of the Clearing House of the Board of Trade of the City of Chicago—in the case of a corporation, the names of its officers and directors and its corporate name, in the case of a firm, the names of its members and its firm name—must be immediately registered at said Clearing House; also, must be immediately registered any change in the style or address of any member of the Clearing House—in the case of a corporation, any change in its corporate name or in its officers or directors, and in the case of a firm, any change in the firm name or in the membership thereof.

A fine of five dollars (\$5.00) shall be imposed in case of violation of any of the above requirements.

Suitable blanks shall be provided by the Clearing House for furnishing the information as hereinbefore set forth and required.

A copy of all registrations, as above set forth, shall be sent by the manager of the Clearing House to each and every member thereof; also, a copy shall be filed by the Clearing House with the Secretary of the Board.

II.

Printed reports to show the net balances, as provided in General Rule No. XXII, Section 6, Paragraph 2, must be obtained at the Clearing House.

III.

Any person, firm or corporation, member of the Clearing House of the Board of Trade of the City of Chicago, whose report shows a balance against such person, firm or corporation, shall accompany his or its report with a check payable to the order of the Clearing House of the Board of Trade of the City of Chicago for such balance; such check, if not issued by the said Clearing House of the Board of Trade of the City of Chicago must be duly certified, under penalty of a fine of five dollars (5.00). Should payment on a certified check be stopped, the maker must immediately upon receiving official notice thereof, deposit with the said Clearing House of the Board of Trade of the City of Chicago another and acceptable check.

IV.

All reports must be in the Clearing House by 11 A. M. of each business day, under penalty of a fine of five dollars if tardy, and the posting of the delinquent party on 'Change at 12 M., except on days when the exchange room is closed at 12 o'clock M., when the names of delinquents shall be posted at 11:30 A. M. All reports deposited in the Clearing House after 11:05 A. M. shall be subject to an additional fine of one dollar for each five minutes or part thereof between 11:05 A. M. and the time at which they are deposited at the Clearing House.

V.

Parties having no items to clear must so report in writing, *under penalty of a fine of one dollar for neglect of such report*; and parties whose reports may be equal on both sides, and those whose reports show a credit balance, must put them in the Clearing House, under penalty, as provided in Art IV above.

N. B.—To insure accuracy and expedite the clearings, parties must be sure

the amounts claimed are mutually agreed upon and correct. A penalty of one dollar will be collected of any party claiming from or allowing to another party a wrong amount, and also for each error in footing or subtraction. All doubtful items must be excluded from the report.

VI.

If a claim is not allowed by the debtor, the claimant must on notice thereof, pay to the Clearing House by certified check the amount claimed; such payment to be made before 1:00 o'clock P. M. of the day on which notice is served, under penalty of a fine of five dollars (\$5.00). If such claim is not paid prior to 2:30 o'clock P. M. of the same day, the Clearing House will hold whatever funds it may have belonging to the claimant or his creditors, until such claim is satisfied.

VII.

In case a party, in his report, allows another party an amount in excess of that claimed by the second party, the excess will be refunded to the first party.

VIII.

The charge for clearing, as provided by the Rules, has been fixed at one cent for each item in each report, the same to be paid monthly on presentation of the bill by the Clearing House. Fines to be paid at time of notification that the same have been incurred, under penalty of the withholding of the next amount due such debtor or reporting the delinquency to the Board of Directors.

IX.

Parties whose reports show a net balance in their favor may call for check after 2:30 P. M.

X.

No reports shall be amended after 11 A. M.

XI.

Office hours shall be from 9 A. M. to 3:30 P. M.

XII.

No firm shall be allowed the privileges of the Clearing House while any member of said firm is under sentence of suspension by the Board of Directors.

XIII.

No corporation shall be allowed the privileges of the Clearing House while any officer of said corporation is under sentence of suspension by the Board of Directors. And whenever the President or Secretary of any corporation enjoying the privileges of the Clearing House shall have been expelled or suspended for misconduct in connection with the business of said corporation, such corporation shall thereafter and during the period of such suspension be entitled to the privileges of the Clearing House only after favorable action of the Board of Directors upon its written application for such privileges.

XIV.

Any corporation applying for membership in the Clearing House of the Board of Trade of the City of Chicago, may be admitted to such membership only upon recommendation of the Clearing House Committee, in the exercise of its discretion, and upon approval by at least ten affirmative ballot votes of the Board of Directors; *provided*, that three negative ballot votes are not cast against any such corporation.

XV.

When any member of the Clearing House, whether person, firm or corporation, is, in the opinion of the Clearing House Committee, using such Clearing House for the purpose of clearing the business of a member suspended from the privileges of the Board or one expelled therefrom, or of a corporation a stockholder of which is suspended from the privileges of the Board or expelled therefrom, the Clearing House Committee shall report such fact to the Board of Directors, who, in the exercise of its discretion, may deprive such a person, firm, or corporation of the privileges of the Clearing House for such period as they may see fit; the intent hereof being to prevent any membership in the Clearing House being used as a subterfuge to enable one suspended or expelled from the Board to still enjoy the advantages of the Clearing House, but not to prevent a member from clearing the individual trades made for the account and personal benefit of one suspended or expelled from the Board.

XVI.

Applications by persons or firms for membership in the Clearing House of the Board of Trade of the City of Chicago must be submitted to the Clearing House Committee and passed upon favorably by them before applicants will be entitled to the privileges of the said Clearing House of the Board of Trade of the City of Chicago.

XVII.

When any member of the Clearing House of the Board of Trade of the City of Chicago, whether person, firm or corporation, has not for the period of four consecutive months cleared any trades through the said Clearing House, such person, firm or corporation shall cease to be a member of the said Clearing House; and no such person, firm or corporation can resume his or its membership in the said Clearing House, except by making a new application for membership therein and in accordance with all the provisions of Section 29 of Rule IV of the rules of the Board of Trade of the City of Chicago and Regulations XIV and XVI of the Regulations of the Clearing House of the said Board of Trade of the City of Chicago.

SOLICITORS.

Under the provisions of Section 33 of Rule IV, the following regulations were adopted by the Board of Directors

It is the sense of this Directory that solicitors may be employed as provided in Section 33 of Rule IV of the Rules of the Board of Trade of the City of Chicago, upon a salary, subject to the following restrictions:

Solicitors employed under the provisions of said rule must be bona fide solicitors. Such solicitors may receive from their employers compensation in the form of a fixed salary; such salary not to be changed until it has been in force at least six months.

The solicitor so employed shall not receive any compensation, either directly or indirectly, for business sent by him for his personal account, or upon which he has received a brokerage or a division of commissions; nor, for business executed for the account of any firm of which he is a member or employe, or a corporation of which he is an officer, stockholder or employe.

No solicitor shall be employed under the provisions of said section of Rule IV by more than one employer at the same time.

The employer shall keep and preserve records showing the compensation paid such solicitor, subject to examination at any time by the Membership Committee.

A member of this Board acting as a solicitor, upon a fixed salary, is not entitled to a division of the commission earned upon business obtained from non-members.

The names of applicants for the appointment of solicitors, together with the names of those submitted to be appointed solicitors, under the provisions of Section 33 of Rule IV of the rules of the Board, must be posted upon the bulletin board in the Exchange room for the period of at least ten days before being acted upon by the Membership Committee.

The foregoing regulations refer solely to members and non-members employed as solicitors at fixed salaries. Nothing herein contained shall be construed as prohibiting a division of commissions between a clearing member and a non-clearing member from non-member's business obtained for the former by the latter; however, no soliciting member shall receive both a division of commission and compensation in any other form for such services.

A statement shall be filed with the Secretary of the Board in form as given below, and said statement shall be duly recorded in the office of the Secretary and be accessible to members of this Association.

Regulations for the Weighing of Grain.

Under and by virtue of the provisions of Section 2, Rule IV, of the Rules of the Board of Trade of the City of Chicago, enacted in pursuance of Section 10 of the Act to Incorporate the Board of Trade of the City of Chicago, the following regulations are adopted by the Directors of the said Board of Trade of the City of Chicago, for the guidance and information of the Weighing Department and the members of this Association.

REGULATION 1.

Received or transferred grain shall not be cleaned or blown before weighing, nor shall it be subjected to such handling as will cause loss in weight. This prohibition shall also apply to shipments after weighing.

REGULATION 2.

No dockage from actual weights shall be allowed on in-coming or out-going grain, except when unusual dirt or foreign matter is inseparably mixed with the grain, in which case it shall be the duty of the weighmaster or his deputy to determine the amount of unusual dirt or foreign matter, and to weigh the entire contents of the car. All allowances for unusual dirt or foreign matter shall appear on the face of certificate issued for such cars.

REGULATION 3.

All cars when unloaded must be thoroughly swept and cleaned, except in cases where cars contain foreign matter unsuitable for mixing with grain. Then it shall be the duty of the weighmaster or his deputy to determine the amount of grain and foreign matter to be left in the car. This amount shall be stated on the certificate of weights for each car, but such amount shall not be included in the net weight as shown by certificate.

REGULATION 4.

If hopper scales are used in determining the amount of grain a car contains, it shall be the duty of the elevator operators unloading such car to deliver to the scales the entire contents of said car except where cars contain unusual dirt or foreign matter not covered by Regulation 3, because not suitable for handling by elevator.

It shall be the additional duty of said elevator operator to clean thoroughly the unloading pits and the floor adjacent to such pits of any of the contents of said car that may have lodged there and deliver such contents to the scale to be weighed and credited to said car.

REGULATION 5.

The contents of each car shall be weighed in as few drafts as the scale in use will permit.

REGULATION 6.

The weighmaster and his deputies shall be allowed to handle the scale beams in the performance of their duties.

REGULATION 7.

Certificates of weight shall bear the date of weighing, and when issued for cars that have been loaded with grain which, for any reason, are subsequently returned to the loading elevator and wholly or partly unloaded, shall promptly be returned to the weighing department by the member, firm or corporation receiving such certificates.

REGULATION 8.

No certificates of weights shall be issued on grain unloaded or transferred en route unless they are applied for within a reasonable time after cars are weighed, and before they have had time to arrive at their destination.

REGULATION 9.

A straight transfer must consist of the transferring of grain from one car to another without its identity being lost. If transferred through an elevator, the grain must go direct from the western or unloaded car to the scale and from the scale direct to the eastern, or car to be loaded without going into or through any house bins.

REGULATION 10.

All cars that are to be loaded with grain shall be in a suitable condition to carry such grain safely. In case cars are loaded that, in the judgment of the weighmaster or his deputies, are not in proper condition to carry grain safely, the parties loading such cars shall at once be notified, and a statement of the condition of the car shall appear on the face of the certificate of weight issued for such cars.

REGULATION 11.

The weighmaster in regulating the details of his office and the service of employes may, with the consent of the Weighing Committee, make such regulations as may be requisite or desirable in order to secure correct weights.

REGULATION 12

Any member, firm or corporation of this association receiving weight certificates not belonging to them shall return promptly such certificates to the weighing department, in order to facilitate delivery to the rightful owner.

REGULATIONS

GOVERNING THE

Employment and Duties of "Receivers' Agents"

"Receivers' Agents" shall be understood to mean persons employed to sample grain and seeds upon the recommendation of the Other Inspection Committee, under the provisions of sections 1, 2 and 3 of Rule IV of the Rules of the Board of Trade of the City of Chicago.

REGULATION 1. The duties of such "Receivers' Agents" shall be as follows: To furnish consignee with railroad notices of arrival of grain and seeds, and true and correct samples of the same; also, with a statement showing the grade of each car of grain, embraced in such notices, as inspected by the State Grain Inspection Department—such notices and samples to be delivered to consignee in the Exchange Room of the Board by eleven o'clock A. M. of each business day. In the case of delay in furnishing such notices and samples, satisfactory reasons for such delay must be furnished to the Other Inspection Committee.

REG. 2. Samples of grain furnished by "Receivers' Agents" shall be drawn at as nearly the same time as possible as the grain is graded by the State Grain Inspection Department; and in case of disagreement as to the grade of such samples, notice of such disagreement must be filed immediately by "Receivers' Agents" with the Deputy State Inspector by whom such grain was inspected:

REG. 3. In case of disputed claims presented against "Receivers' Agents," the justness and correctness of such claims shall be determined by the Other Inspection Committee.

REG. 4. The fees authorized to be collected for the services of such "Receivers' Agents," under the foregoing regulations, shall be twenty (20) cents per car for grain or seeds arriving over the C. M. & St. P., Ch. & Alton, Ill. Central, C. Gt. Western, C. B. & Q., C. & N. W. (Gal. Div.), C. & N. W. (Wis. Div.), Wis. Central, C. R. I. & P. and the L. S. & M. S.; and over the Monon, Wabash, C. & E. I. and A. T. & S. F. 25 cents per car.

REG. 5. "Receivers' Agents" shall be under the general control of the Other Inspection Committee.
